I am proud of my accomplishments in Women's Amateur Motocross - but they would not have been possible without a solid support group. Credit goes to my parents and sister, my grandparents and a crew that includes friends, trainers, mechanics and suspension specialists - plus an impressive network of sponsors - all who have contributed to my success. Over the past decade, we have raced across the country posting numerous wins and podium finishes, and collecting 15 National Championships along the way.

Our goals for 2019 are to continue to help advance Women's Motocross by being a positive influencer and increasing recognition of our sport. We, of course, want to continue winning races and earning championships. We look forward to becoming partners with you in our 2019 program.
